# 1 OPTION

The main diagram shows a four-shelf cabinet with a lightning bolt symbol above the top shelf, labeled '1'. To the right, a box labeled 'B19' contains a circular grille assembly (A+B) and screws (C). Below the box are two screwdrivers. The assembly steps are numbered 1 through 4:

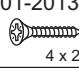

- 1.** A circular grille assembly (A+B) is shown with a warning symbol. A screwdriver is used to separate the two parts, A and B. Part A is the base grille with a central cable, and part B is the top ring.
- 2.** The base grille (A) is inserted into a hole in the cabinet's top panel (1). A warning symbol is present. Screws (C) are used to secure it.
- 3.** The top ring (B) is placed over the base grille (A) and pushed down to lock it into place.
- 4.** The final assembly is shown fully installed in the cabinet's top panel (1).

At the bottom right, there is a yellow triangular warning symbol with a lightning bolt and a crossed-out wheeled bin symbol, indicating electrical safety and disposal instructions.
